EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 12-24, non-elected without traverse, have been canceled without prejudice.

The following is an examiner's statement of reasons for allowance:

The closest prior art, Yaremko differs from the claimed invention in at least the porosity of the filter. The filter in Yaremko is intended to trap agglutinates while passing all other cellular material. There is no suggestion to reduce the porosity of the filter to within the claimed range because that range would trap unagglutinated cellular material, which is not the goal of Yaremko.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Jill A. Warden at telephone number (571) 272-1267.
